"Where there is a Will there is a Way" is a popular proverb. I suppose that you have heard this expression if you have ever worked in a team and had any ordeals. But have you ever wondered what this proverb means?

It's used by people around the world. It means if you have a strong desire to do something, you can do it despite difficulties in the way.

You shouldn't give up even if you are intimidated. Every problem has a solution, but you need to make an effort for destruction a problem.

This proverb describes many historical figures such as Peter the First, who turned Russia to great European country thanks for his courage.

There were many defeats, but Peter strived until he won. But you don't have to be temperon to get your way. You just should believe in yourself. If you ~~will~~ follow this proverb, any losses and problems will be a step to win and you will be stronger and ready to any ordeals.

Remember, where there is a will there is a way!
